THANK YOU Donors and Friends!
The work we do would not occur without the generous support of our community. Because of the generosity of our major funders, as well as ALL of our donors and board members, we are able to keep children safe. For a complete listing of our 2017 donors, visit our website.

Our Mission
Preventing child abuse and neglect through education, treatment, and advocacy.

The Parent Child Center of Tulsa’s Vision is that all parents have the knowledge and skills to protect, nurture, and provide for their own child.
Kids on the Block is providing pathways to hope to teachers, counselors, and elementary school students to help them to better understand child abuse, bullying, divorce, feelings, and conflict resolution through educational puppet shows.

Bright Beginnings is a pathway to hope to keep babies safe by delivering critical information to parents and caregivers of newborns before they are discharged from the hospital. Each family receives a bag filled with program information from a Bright Beginnings registered nurse. The information given is intended to prevent shaken baby syndrome, and to increase the bond between mother and child by stressing the importance of talking, singing, and reading to the baby.

Our home visiting programs provide parents and caregivers of young children in-home parenting education to enhance the intellectual, social, and physical development of children. We help parents and caregivers create pathways of safe environments and nurturing parenting. After receiving our home visiting services, our clients report a significant increase in their confidence as parents, and in their ability to keep their children safe.

We provide therapeutic services to children and adults, preventing child abuse and neglect in this generation and into the future. Our programs are a pathway of hope by fostering safe and nurturing relationships between caregivers and their children through individual and family therapy, and parenting education.

Learn more about our program outcomes, hope research, and strategic partnerships - Safe Babies Court Team & the Anti-Bullying Collaboration - on our website.
