## THE PARENT CHILD CENTER OF TULSA

## BUILDING PATHWAYS OF HOPE THROUGH PREVENTION

### OUR MISSION

*Preventing child abuse and neglect through education, treatment and advocacy.*

# thank you.

In 2019, there were **2,849** confirmed cases of child abuse and neglect in Tulsa County alone. Investing in child safety and prevention services in our community benefits us all. **We could not accomplish our goals without the support, involvement and enthusiasm of our committed supporters.**

## STAY IN TOUCH WITH US!

THE PARENT CHILD CENTER OF TULSA

## OUR VISION

*That all parents have the knowledge and skills to protect, nurture and provide for their own children.*

## HOPE RISES HERE

*The Parent Child Center of Tulsa's primary focus for the services we provide is **hope**.*

“Hope is the belief that tomorrow will be better than today, and that you have the power to make it so.”

– Dr. Chan Hellman

## IN 2019:

We reached  
**81,441**

children and adults through three levels of child abuse and neglect prevention services.

## PCCT 3 LEVELS OF CHILD ABUSE & NEGLECT PREVENTION SERVICES:

### YOUTH PROGRAMS

Our Youth Programs ensure educators, administrators and other adults know how to keep children safe. Our Kids on the Block (KOB) program teaches young children how to identify, report and cope with adverse experiences through puppetry.

- **39,861** students attended
- **482** KOB shows in
- **103** locations

### FAMILY SUPPORT

PCCT's Family Support programs identify, mitigate and prevent risk for children by engaging with families in their homes. Parent educators provide education, support and referrals to resources.

### TULSA FAMILY CONNECTS

Registered nurses visit new parents and caregivers in their homes after discharge from the hospital. Nurses share in the joy of a new baby, assess unique family risks and respond to immediate needs for support and guidance.

### THERAPY

PCCT's licensed professional therapists provide counseling support to families when there is an allegation or pattern of abuse and neglect, or when children have experienced trauma. The goal of these services is to prevent future

incidents of abuse and/or neglect in the current generation and stop the cycle of abuse across future generations.

PCCT's Anti-Bullying Collaboration (ABC) works to prevent bullying among children and youth. ABC's goal is to equip children and youth with skills necessary to prevent bullying and other anti-social behavior in schools and the community.

- **25** local and state partners

### BRIGHT BEGINNINGS

Registered nurses offer newborn education in all six Tulsa birthing

hospitals. New moms and other caregivers receive vital information about the prevention of shaken baby syndrome and the importance of promoting early brain development by talking, singing and reading to infants. PCCT has expanded to reach more males by providing education and resources in local barbershops.

- **37,623** adults received our education

### SAFECARE

is an evidence-based, in-home visitation program designed for parents experiencing high levels of stress. Parent educators work to improve parents' skills in three areas: parent-infant/child interaction skills, health care skills and home safety.

- SafeCare staff provided support to **409** adults and children
